

# REproducible Research In Transportation Engineering (RERITE): A Hands-On Tutorial 2.0 – Reproducible Manuscripts (RERITE at ITSC 2025)

Dr Saeed Mohammadian<sup>a</sup>

<sup>a</sup>*School of Civil Engineering, The University of Queensland*

---

## Abstract

This manuscript was auto-assembled from pipeline outputs.

*Keywords:* reproducibility, manuscript, Code Ocean

---

## 1. Introduction

This manuscript was auto-generated from pipeline outputs.

## 2. Figures

## 3. Tables

Table 1: Place holder for caption

	mpg			hp			wt		
	mean	median	std	mean	median	std	mean	median	std
cyl									
4	26.66	26.00	4.51	82.64	91.00	20.93	2.29	2.20	0.57
6	19.74	19.70	1.45	122.29	110.00	24.26	3.12	3.22	0.36
8	15.10	15.20	2.56	209.21	192.50	50.98	4.00	3.76	0.76

## 4. Methods

Brief description of methods.

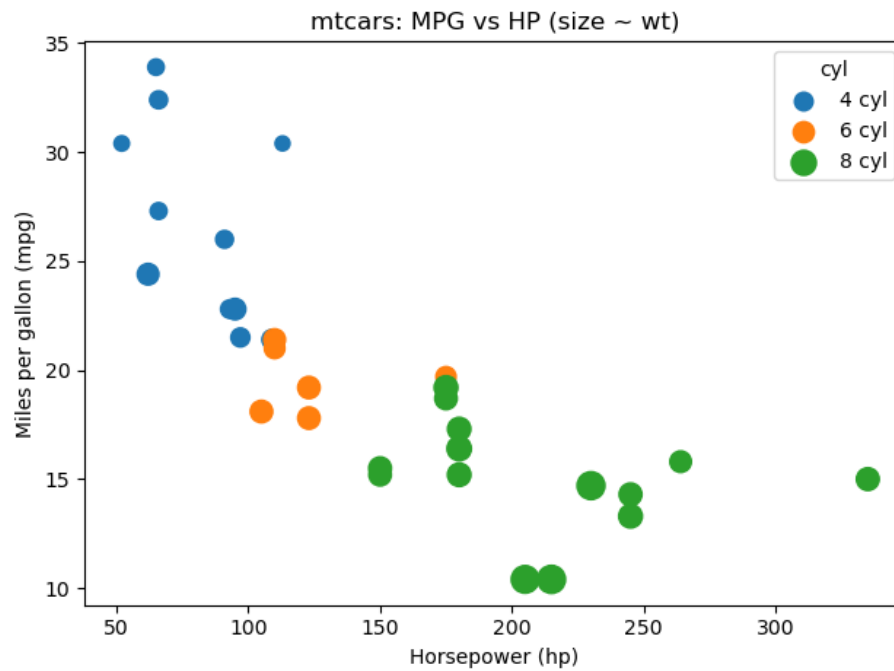

Figure 1: Place holder for caption

## 5. Results

Summary of key results.

## 6. Discussion

Discussion and limitations.

## 7. Conclusion

Final remarks.
